

# DEMENTIA FRIENDLY HOLLYWOOD

Newsletter / Issue 1 March 2017 #DementiaFriendlyHollywood

# **What the Dementia Friendly Hollywood Project is all about...**

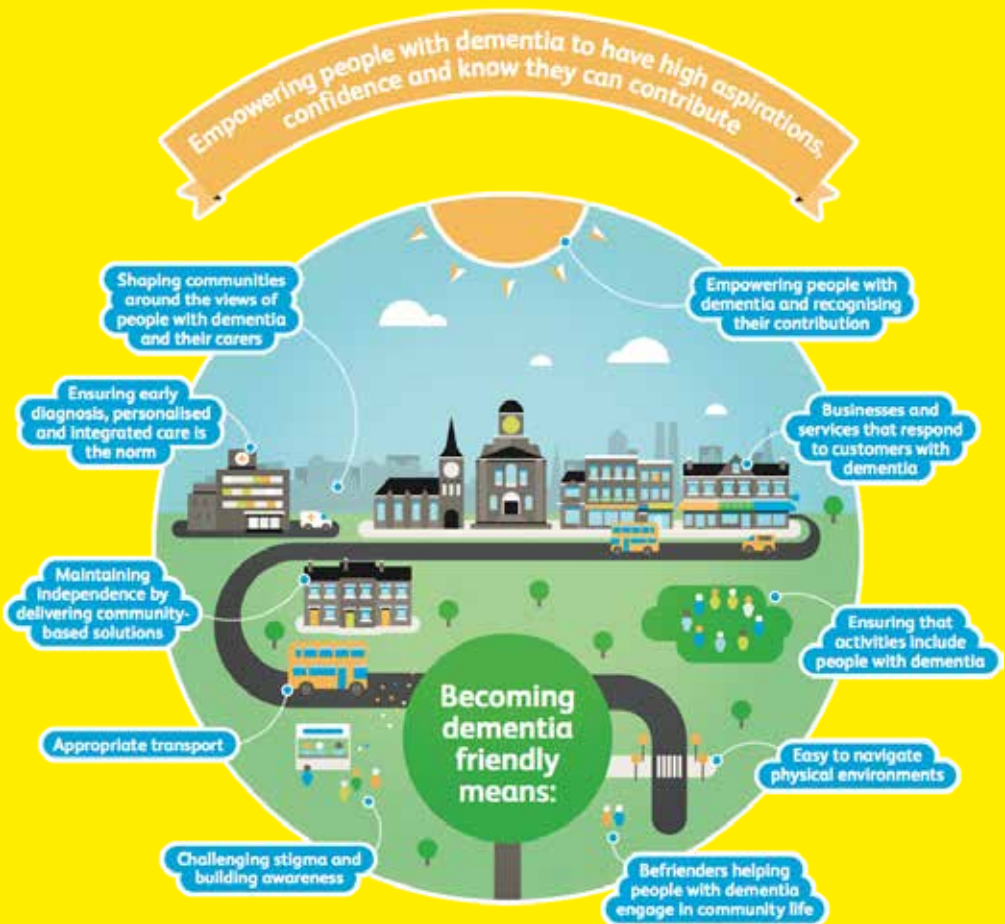

---

As a community, everyone living and working in Hollywood has a responsibility for ensuring that people living with dementia feel they are understood, valued and empowered to contribute to their local community.

As part of this project we hope to be supported by as many businesses, organisations, schools, churches and health professionals as possible to contribute in some way to the ideas we have for this project.

# What a Dementia Friendly Community looks like...

---
