# Regulatory Framework

Radius Housing Association - Regulatory Judgement

Report 2017/18

## Introduction

The Department for Communities (DfC) is the Regulatory Authority for Registered Housing Associations (RHAs) in Northern Ireland. The Housing Regulation Branch within DfC undertakes this Regulation activity on behalf of the Department and we seek to protect the interests of tenants, homeless people and others who use the services provided by RHA's. To ensure this is achieved, RHAs must provide us with the necessary information on a regular basis to demonstrate how the Regulatory Framework Standards are being achieved.

## RHA Background

Established in April 2017, Radius Housing Association (henceforth referred to as Radius HA) is a social enterprise which employs over 1,000 people and manages 12,500 properties in 80 towns across Northern Ireland.

## Regulatory Approach

Through our risk-based and proportionate approach to regulating RHAs, we focus our attention on the important risks and key aspects of the RHA's performance. This includes having different levels of engagement depending on the RHA's risk and performance profile.

When we refer to risk, we are talking about the risk to the interests of tenants and other service users. This may not always be the same as an RHA own detailed assessment of the operational risks it faces. This judgement is completed in accordance with the risk based approach to Regulation introduced in April 2017.

## Overall Opinion
